These are the times that players should arrive at the weigh-in. We aim to have players start competing within an hour of their weigh-in and finished not more than an hour after that, but we can never guarantee this: a few contests with very long golden scores soon wrecks our plans, as does no-shows.

If you are delayed on the day due to traffic, road closures and so on, please ring us on 07761122977. We will try to hold your category back, although we cannot guarantee this.

Please note Saturday is now FULL and no more entries can be accepted. Sunday's entry remains open.

If you have an orange or green belt boy, contact us as we may just be able to take them if it helps our numbers in certain areas.
